Loader SPECIFICATIONS - A
skid loader, skid-steer loader, or
skidsteer, is a small, rigid-frame,
engine-powered machine with lift
arms used to attach a wide variety
of labor-saving tools or
attachments.. Skid-steer loaders
are typically four-wheel vehicles
with the wheels mechanically
locked in synchronization on each
side, and where the left-side drive
wheels can be driven
independently of the right-side
drive wheels. Mon, 21 May 2018
